PLANTS

At Unheard-of Low Prices.

EXAMINE CAREFULLY.

OUR MOTTO:
BEST PLANTS—TRUE TO NAME—GUARANTEED TO REACH YOU SAFELY.

The Great Western Plant Co.

SPRINGFIELD, OHIO.

NEW PLANTS, NEW PRICES, NEW FIRM,

SEEING AND TESTING IS BELIEVING.
We are a new firm starting in the plant-shipping business. Every branch of our trade has been supplied with men who have each particular part to which they have been assigned a life study. We will send just what you order, add choice plants to show our appreciation of your favors, and guarantee them to reach you safely and prove satisfactory. Our prices have been reduced to as low a basis as good plants can be produced for, and we respectfully submit this catalogue, with its plain, unvarnished descriptions, low prices and excellent varieties, for your inspection. Our plants will bear us out in all our statements that we can furnish the best plants, most reliable sorts, at the lowest cash prices.

Very Respectfully,

The Great Western Plant Co.

No two alike in the above sets. * Any three sets for $1.25. * Any five sets for $2.00.
Our Queen Set of Prize-Winning

CHRYSANTHEMUMS.

None Better. None Cheaper. Look Carefully Over the List.

PRICE, 10c. EACH, OR THIS WONDERFUL SET OF 15 Sorts, POSTPAID, $1.00.

Abraham Lincoln.—Rich cream color. The petals are trumpet-shaped, with elk horn tips, and are arranged to form a perfect ball. One of the largest among Chrysanthemums. Totally distinct, and of the grandest build. A sensational variety. Won twelve first prizes.

Inter-Ocean.—It is an ivory-white, very massive in build, recurving, and petals interlacing. This variety was cut twelve days before the Chicago show and reached there in fine condition, being awarded a special Columbia medal. Our friends can depend upon its being the very finest and most distinct white Chrysanthemum of the year. Winner of ten first prizes.

Golden Wedding.—The grandest yellow ever offered. This fine variety swept everything before it at the New York and Philadelphia shows. In color it is deep, bright gold of shining texture, very large in size, the petals are both long and broad, and channeled lengthwise. A perfect Japanese incurved of most beautiful form, very free in growth. A first-class exhibition variety.

Maude Dean.—An immense pink variety, finely incurved, petals broadly shell-shaped. One of the largest flowers exhibited in the Fall shows. Almost a pure self pink. Received silver medal at Philadelphia, and awarded certificate of merit at New York and Philadelphia.

Fair Maid of Perth.—A magnificent heavy bloom of largest size, borne on stiff, erect stems, similar in form to Mary Wheeler, but much more double, and upper petals incurved to center, while under ones reflex closely to stem, forming a round ball of purest white, occasionally tipped rose. One of the varieties winning the First Cup at Madison Square Garden.

Mrs. Falconer.—The finest of the Ostrich Plume type. Its color is an exquisite shade of silvery pink, with deep rose on the inside of the petals; of vigorous constitution, being one of the strongest growing varieties we have, so that it is certain to produce perfect flowers under the most ordinary cultivation.

Mrs. E. C. Hill.—This beautiful variety is one of the very earliest to bloom, which makes it decidedly meritorious. It is of vigorous growth and fine form, the blooms are eight to ten inches in diameter, the color is a delicate lavender pink, petals incurved. The display of this variety at the World's Fair attracted all passerby, and was admired greatly. It was the winner of twelve first prizes.

PITCHER & MANDA.—This is the most wonderful Chrysanthemum ever introduced. There is nothing that has ever been offered that in any way approaches it. Who ever heard of Chrysanthemums having two distinct colors in one flower? But that is just what Pitcher & Manda is. The outer five or six rows of petals are pure white, and of Dahlia-like form, while the center is a bright, deep yellow, the two colors being sharply defined. One of the most distinct novelties of the year. Won fifteen prizes.

Queens of Prize-Winning Chrysanthemums Continued on Next Page.
Queen Set of Prize-Winning Chrysanthemums Continued.

Mrs. Lewis Childs Maderia.—A perfect compact globe of golden-yellow, petals upright, of heavy texture, and like unopened quills, of strong constitution, stems stiff and flowers large. Both color and form are absolutely perfect. This variety will always be retained in your memory when once seen. Received silver medal at Philadelphia, certificate at Indianapolis, and numerous first prizes.

The Queen.—A grand double white, of fine size and grand substance. Very rounded in form, incurving and full. Probably the best white in cultivation. Won prize wherever shown.

George W. Childs.—No Chrysanthemum created such a sensation as did this. The flowers are of massive size, reflexed, with broad, stiff petals, color deep, rich, velvety-crimson, with no shade of brown or chestnut. Flowers borne on strong, stiff stems. The foliage resembles Cullingfordii, but it is much heavier and darker. They grow close up to the flowers, which gives the plant an elegant appearance. It is a fine, strong, clean grower. It captured the first prize at Chicago for best red. It was awarded the J. R. Pitcher, Esq., gold medal at Orange, N. J., for the best seedling; the silver medal by the Pennsylvania Horticultural Society; the medal of excellence, American Institute; certificate of merit at Indianapolis. It was exhibited at Indianapolis last year over eight inches in diameter. No Chrysanthemum can compare with it for color, size of flower and growth.

ACHILLEA, THE PEARL. The Great Cemetery Plant.

We take much pleasure in calling special attention to this new plant, as it is one of the most beautiful and useful. It is a hardy perennial, the top dying down to the ground every Winter. A plant will produce hundreds, and even thousands, of flowers the first Summer, but when established the second year they frequently have more than five thousand perfect flowers on a plant at the same time. It commences to bloom early in July, is a perfect mass of beautiful flowers till frost, the same bloom keeping perfect two or three months. Its flowers are pure white, perfectly double, and produced in large sprays, making it one of the finest cut flowers for bouquets, vases, baskets, etc., or for any kind of decorations. For cemetery planting it is the most valuable of all flowers, as it is sure to thrive and bear its great profusion of snow-white flowers nearly the whole Summer for years and years. The plants we supply will have abundance of roots, with but little top. They will all grow rapidly, and produce abundance of bloom this Summer. They can either be potted or planted in the open ground as soon as received. 15c. each; four for 60c.
Double Iris Kaempferi.

The newer varieties of this King of Iris, recently introduced from Japan, are marvels of beauty and stateliness. Think of a plant sending up to the height of three feet a dozen flower spikes, each spike bearing from two to four enormous blossoms eight or ten inches across and of the most delicate and beautiful colors, markings and combinations. Think of a bed of all colors, white, indigo, violet, lavender, maroon, sky-blue, royal purple, blush, yellow, etc. Your imagination can conceive of nothing grander, and when you see them you will realize that they are infinitely more grand and beautiful than your imagination could portray. Such are these new Double Iris Kaempferi, the king of hardy perennial plants. Once planted in your garden they are a joy for a lifetime without further care, blooming profusely in June and July, during which time they are the greatest attraction your garden or lawn can contain.

Price, 25 Cents Each; the Set of Five for $1.00.

Blue Danube.—Deep indigo, violet shadings, yellow center.
Gold Bound.—Pure white; one of the best.
Mr. Fell.—Grayish-white, distinctly veined celestial blue, with blue and yellow center.

HIBISCUS.

Hibiscus Schizopetalus.—A curiously formed flower pendant, the petals in a whorl, orange-red, totally unlike any other Hibiscus, or indeed any other flower; the petals are open like lacework. Not only a great curiosity, but highly ornamental. 16 cents each.

Mahogany.—Dark red, shaded maroon.
Templeton.—Light violet, shaded and mottled with reddish-pink and white.

Three Fine Sorts.

Double Crimson.—This grand variety has luminous flowers of the richest crimson, combined with glossy foliage renders it best of all.

Senator Evans.—A beautiful Hibiscus. The shape of its flower is identical with the Antillae, and has the same purple markings at base of petals. The color of this variety, instead of being orange, is a bright lemon color.

Sub Viocaceus.—Flowers of enormous size, of a beautiful carmine, tinted with violet, probably the largest flower of the Hibiscus family, and an unusually five-bloomer. We take great pleasure in recommending this fine plant.

The three above fine sorts, 10 cents each; or the three for 25 cents.
Our “SATISFACTION” Collection of Flowering Begonias.

Easy to Flower. Exquisite in Coloring and Sure to Please All Who Try Them.

PRICE, 10 CENTS EACH, OR THE SET OF FIFTEEN CHOICE SORTS FOR $1.00.

Wettstetten.—This is very similar in foliage, growth, color and flower to Rubra. The panicles of bloom are the largest of any Begonia. A new variety and very beautiful.

Fuchsioides Ooccinea.—Elegant, free-blooming variety. It resembles Hybrida Multiflora in growth. The flowers are bright scarlet.

Lobata Variegata.—The leaves are smooth, long, pointed and richly bicolored. The body of the leaf is a dark green, studded with bright silvery spots. The plant is covered with handsome rose-white flowers. This makes a splendid house Begonia, being of quick growth and having both handsome flowers and foliage makes it very desirable.

Argentea Curtata.—It has purple-bronze leaves, oblong in shape, with silvery-markings, and is in every way a most beautiful Begonia. It produces white flowers in large bunches. It is splendid for house culture.

Alba Perfecta Grandiflora.—Here we have a Begonia that has never been appreciated like it should be, as it is truly elegant, and we doubt if there is a white-flowered variety that equals it. The foliage resembles Rubin in shape, but is a lighter green, while the flower panicles are much handsome. It is a pure white flowering Begonia of much merit. Try it.

Alba Picta.—It is shrub-like in habit and compact in form, having long, slender, lance-shaped leaves on short stems, thickly studded with silvery-white, the spots graduating in size from the center towards the margin.

New Begonia, Dewdrop.—In the new Begonia Dewdrop we have the best flowering Begonia ever obtained. Its graceful flowers are produced in profusion all during the Summer and Winter. It is a dwarf, compact-growing variety, the foliage is a bright, glossy-green, with shell-shaped leaves and stems of light crimson. The blooms are produced in clusters of from six to eight florets, which are satiny-white, with golden-yellow stamens. When placed out in the sun during the Summer, the color changes to a delicate shade of pink, with crimson stems, making a beautiful contrast. Unlike other Begonias, it is a profuse bloomer. Eighty-seven clusters of flowers have been counted on a single plant.

Begonia, Mccubbin.—This is a very fine Begonia, being of a new variety, but very similar to Dewdrop. The leaf is borne in clusters, richly bicolored, but is more slender in growth, being more easily handled when grown for market. The flowers are double, with silvery-white, the spots graduating in size from the center towards the margin.

Begonia, Bernina.—The leaves are so glossy they appear to have been triple-varnished, shrub-like, bearing sprays of delicate blossoms covering the whole plant.

Bertha de Chateauufer.—Next to Dewdrop this is the finest flowering Begonia we have. It blooms the year around, making a handsome window plant with its beautiful foliage and bright, currant-red flowers.

Incarnata.—Vigorous grower, long leaves, flowers a beautiful pink, edged with salmon. Charming variety.

McBethii.—Of the Weltoniensis type, with very deeply indented leaves, which are fine and small. Shrub-like in growth and very free flowering, being constant the year round. A fine Summer bedding plant, if given a light soil and perfect shade. Put it among your ferns. White flowers, waxy in texture, carried in panicles.

Zebrina.—An erect growing variety, with a beautiful profusion of pendant leaves. Besides its graceful form the leaf is distinguished by its glittering, silvery shading following the leaf, the body being a very dark, velvety-green; underside plum color, velvet green. Flower pure white. A beautiful variety.

REX BEGONIAS.

Countess Louise Erdody.—The curious, small-shell Begonia, a pretty leaf with pin-like metallic luster, covered with plum-like hairs. 50 cents each.

THREE CHOICE SORTS.

Lesoudii.—This is the finest and largest leaf of any of the Rex family. It is impossible to describe in words the beautiful markings of this magnificent Begonia. It is a cross between Begonia Diadema and a Rex variety, but retains in a marked degree the Rex character. We consider this the finest of all the Rex family, both in size of leaf and rich coloring.

Annie Dorrer.—One of the finest of these hybrids. A fine, bushy grower, very elegant notched leaves, deeply pointed. The coloring is very rich, the dark center and edge being very intense, enclosing a silky, polka-dotted zone, showing the crossed veins of the red veins.

Louise Closson.—Louis Closson made a decided sensation among Begonias growers a few years ago. Then came Lucy Closson, an improvement in the same line, and now we have Louise Closson, the brightest colored Rex yet introduced. The zone of rose heliotrope and bright red is broad and very highly colored, the habit and freedom of growth exceptionally good, while the metallic luster is very enchanting. Begonia lovers looking for a first-class novelty to add to their collections will find this variety extra fine in every particular.

20¢ each, or these three choice sorts for 50¢.
THE BEST SINGLE GERANIUMS

Ever Offered by any Firm. The List Embraces the Very Best Bedders, Sun Proof, and Equally as Fine for Pot Culture.

Souvenir de Mirande.—The greatest novelty in new Geraniums that has appeared for a number of years is undoubtedly Souvenir de Mirande. It is entirely distinct from any other variety known, and is quite different from the usual marked varieties that have from time to time made their appearance. It has round florets, upper petals cream-white, with a distinct rosy pink border, lower petals salmon rose, streaked pure lilac. A most novel color. It is extremely free-flowing, and produces fine trusses of its magnificent blooms. Mr. John Thorpe says it has made a leap of a decade in its advent.

Blanche Moulés.—A grand bedding variety of much merit. The flowers are large salmon, beautifully bordered with white. A Geranium of rare beauty.

Lansdowne.—A soft, deep scarlet, flaret large and round, and formed into large trusses, borne with the greatest freedom. An ideal border, producing a mass of soft, brilliant color, well above the foliage, which is a light, bright green.

Marguerite de Layres.—A grand single white plant. A mass of white bloom, trusses of the grandest, florets en ra large and of the purest white. The plant is robust. Grand for pots or bedding. It is by far the best single white.

Madame Alfred Mame.—A magnificent bedding variety. The trusses are of extraordinary size, the florets by actual measurement being two and one-half inches long by two inches wide, of almost pannus form, the color a soft, sub-scarlet, lower petals shading to salmon in the center, which is deeply veined crimson. This variety has been universally admired by all who have seen it in flower. A variety that will probably never be equaled.

Mrs. E. G. Hill.—A most distinct and pleasing shade of salmon, with light shading at the center. The shading at the centers is variable, however. Trusses are very large and composed of an immense number of flowers.

M. Noury.—A most pleasing lavender rose color, very chaste and beautiful, with distinct marking of white at center of flower. Dwarf, and so free in bloom as to literally cover the plant.

Monsieur Poinsignon.—The color is bright salmon rose, shaded salmon, with a white eye. Large trusses of splendid-shaped flowers.

Prote.—Flowers very large and freely produced in immense trusses. Color silvery-lilac, white shading, changing to silvery-pink. A splendid sort.

Beau of Richmond.—Intense orange scarlet, very dazzling, with large white eye, flower perfectly circular and of immense size; foliage lightly nod. A seedling from Beauty of Kent, extremely fine.

Benjamin Schroder.—Light green foliage that is very bright in color; flower extremely large, of soft rosy pink color like that of Mary Hill, with distinct white blotch on the upper petals, of silky texture; petals slightly recurving.

Bill Nyc.—Color peach, shading to pale salmon, flower of fine size and form; a splendid grower of nice compact habit.

Gettysburg.—Fright crimson maroon of beautiful shade; flower very large and of fine form. An extra beautiful dark variety.

John Good.—Trusses of enormous size and quite globular in form; stems long and rigid; a grand improvement on Lady Roseberry, color being clear salmon, lightly edged with white.

THIS COLLECTION OF BEST SINGLE GERANIUMS CONTINUED ON NEXT PAGE.
THE BEST SINGLE GERANIUMS---Continued.

L. Swartling.—Center of the flower is scarlet flame, shading out to salmon; flower large and truss immense. A fine grower.

Marie Stuart.—Soft rosy scarlet with large white eye, very large circular florets, forming a truss of fine size.

Wedding Ring.—This Geranium took precedence over any Geranium we grew the past summer for the excellence and great beauty of its flowers. It is a Geranium that one never tires of. Dazzling orange-scarlet flowers, circular, and slightly cupped, giving it the appearance of a beautiful ring. It forms magnificent trusses of the largest size. One of the finest novelties of the year. Extra profuse in bloom.

Barbizet.—The Individual flowers are very large, borne on long foot-stalks, color flesh and bright rose, marbled with white on the upper petals. A beautiful variety.

Francois Arago.—Flowers finely formed, a free bloomer, on strong foot-stalks. Color a silver-salmon, shaded with pink.

Apple Blossom.—Pearly white, suffused with rose.

Anna Scott.—A very rich maroon-crimson.

Bamford's Glory.—Clear scarlet carmine, white eye.

Bride.—Carmine-bike, shaded to soft rose.

Beauty of Kingsnessing.—Salmon center, margined white.

Brightness.—Bright, dazzling scarlet.

Blonde Beauty.—Deep flesh, shading to white.

Cosmos.—Salmon, with orange center. Beautiful.

Cinderella.—Bright, rose-salmon, large truss.

Celestial.—Deep rose, tinged white.

Chaliemel Lacour.—Rich, vivid crimson.

Dazzler.—A fine, rich scarlet, with a large and white eye.

Evening Star.—White, with large rose-colored center.

Evangelina.—White, suffused with pink.

Fairy.—Flowers salmon, banded with white.

Favorite.—A fresh and beautiful shade of light lillac.

General Hood.—Large flowers of deep velvety-scarlet.

Gloire de St. Louis.—Cardinal flowers in immense clusters.

General Sheridan.—A superb scarlet and good bearer.

General Grant.—A fine scarlet. Largely used for hedging out.

Jersey Lily.—Dazzle color, shading to white. Beautiful.

Jezalouso.—Orange-scarlet, a decided yellow base.

Katie Schultz.—Delicate pink. Dainty and beautiful.

Kate Patterson.—Deep, rich orange, overlaid with buff.

Levalthan.—Bright crimson-scarlet, shaded vermilion.

Mrs. James A. Garfield.—Pure white. Excellent.

Master Christine.—Splendid pink bearer.

Mrs. George Smith.—A deep salmon color.

Mrs. James Jick.—White edges with pinkish center.

Mary Hallick Foote.—A bright, pale salmon rose, very large.

May Queen.—Color of the flowers Bush, with a pure white center.

Queen of the West.—A bright orange-scarlet, with a large truss.

Queen of the Belgians.—New. Pure white. Excellent variety.

Ralph.—A profuse bloomer, a dark amaranthine purple.

Rosy Morn.—Soft, rose-salmon shaded with carmine center.

Sarah Bernhardt.—A grand Geranium with pure white flowers.

Sam Sloan.—A very rich, pure scarlet, with rose-yellow truss.

Sunshine.—Vermilion-scarlet. Excellent.

White Perfection.—Pure white, and a profuse bloomer.

William Cullen Bryant.—A soft, rich, pure scarlet, white eye.

Wood Nymph.—Subtlet, clear pink, with light marbling.

White Clipper.—Clear white. Very distinct and pretty.

SPECIAL OFFER! Sixteen Geraniums, your selection, from this and the preceding page for $1.00. Our selection, 20 for $1.00.

Group of Lady Washington

Pelargoniums or Pansy Geraniums.

We here offer four of the choicest new kinds of these, the most beautiful of all Geraniums. Price, 30 cents each; or the four varieties for $1.00. You cannot buy these charming varieties as cheaply elsewhere.

Mrs. Robert Sandiford—(The New Double White). This charming variety can not be excelled in its beauty by any flower we grow. The flowers are three inches across, of the purest snow-white, and perfectly double, and very free in bloom. You cannot imagine anything prettier.

Madame Thibaut.—(The New Double Pink). The Queen of P. large-flora. Flowers three inches in diameter, perfectly double, of the brightest, purest pink, beautifully ruffled edges. Very free in bloom.

Victor.—No words can express the beauty of this charming variety. The flowers are a bright cherry-red, with white at the base of each petal; the two upper petals are dark crimson-maroon. The flowers are of immense size and very freely produced. A grand variety.

New Ever-blooming Pelargonium, Fredaie Dorner.—We consider this to be one of the most desirable house plants grown. It is a perennial-blooming variety, usually commencing to bloom in December or January, and continuing throughout the Spring and Summer. The throat and edges of the petals are pure white, each shaded toward the center with rich carmine-pink, with a glowing crimson blotch on each. We have always been unable to supply the demand, but now have a fine stock of plants
Gloire de France.—Large round florets, of waxy appearance, colors carmine and white, with carmine center, each petal delicately tinged with carmine. An excellent pot variety, to which its habit is finely suited. It is one of the prettiest Geraniums we have. This is the most beautiful of all the part-colored Geraniums which appear so bewitching to the eye. The very brightest color imaginable.

New Geranium, Bruant.—Semi-double. This magnificent Geranium is the product of Monsieur Bruant, of Polders, and is the beginning of a new and distinct hybrid section in the Zonal Geraniums. It is very difficult to describe the difference between this type and the ordinary Zonal Geranium, but the characteristics of this variety are observed at a glance. The placed better other varieties of the same family. The foliage is round and nicely zoned, having a greater texture and substance than even the most vigorous of the old types. Color of the flower a light vermilion-red of a most pleasing shade. The flowers are absolutely perfect in shape, contour and make-up, trusses exceptionally large and born in produce spherical balls, often measuring eight inches in diameter. It does finely in the open ground, and is perfectly reliable as a bedding Geranium of the highest merit. It makes a compact, dense growth, and has all the qualities that go to make the perfect bedding that it is. Fine also in pots. The very finest scarlet bedding extant.

White Wings.—In White Wings we have the finest double white Geranium ever introduced; and, unlike other double white Geraniums, it is suitable for bedding, and flowers as profusely as the best single varieties. It is a dwarf, compact growing variety, with handsome bunched foliage of a light and healthy green. The perfect double flowers are unsurpassed for cut flowers. They are borne in large trusses and are spotless, snowy-white, retaining their pure whiteness even in the heat of Summer.

Fire Brand.—Color dazzling flame scarlet, fine, prominent trusses, flowers large, and of great substance, an excellent bedding and pot plant. For planting in masses we have seen none to equal it. Another thing in its favor, it takes fewer plants from its sturdy branching habit to give effect.

**SPECIAL OFFER:**

Sixteen Geraniums, your selection from this list, for $1. Our selection, twenty for $1.

**DOUBLE GERANIUMS CONTINUED ON NEXT PAGE.**
Emile de Girardin.—No one who has not seen this lovely pink Geranium as it grows in the beds and borders of Northern parks can imagine the beauty that lies in a flower of that color. Of a deep, soft rose rather than pink, but fresh and bright, the blossoms are perfect in form and borne well and clear above the foliage. The long beds of it seen in the Chicago parks, with their edgings of ‘Golden Bedder’ Coleus, formed the most beautiful Geranium planting we have ever seen, and the combination is delightful. It stands the sun perfectly, and is, in our opinion, the finest, double variety of any color for massing, when a delicate and artifices effect is desired. 

Geranium.—Color of the flower a clear, bright salmon, with center and outer edges touched with white, and with soft shadings of carmine, velvety in texture and of the most beautiful semi-double form. We have measured trusses of bloom on this variety ten inches in diameter. It is simply superb. A fine holder.

Crinum Velvet.—This is the darkest and richest Geranium grown. It is very bright, dark, deep, rich velvety maroon, very dark and rich and at the same time very bright. An excellent holder and pot plant, one that must find its way into every collection. Simply superb.

Beauty Poitevine.—Very large, semi-double flowers, borne on immense trusses. Free bloomer, either as a pot plant or as a bedder. It has no equal of the color, which is a brilliant salmon, very clear at the borders. This might well have been called “Salmon Brilli.” As it is identical in every way hot color.

Alba Perfecta.—Large, fine, showy, white flowers. Grama Asa Gray.—Flowers are a salmon pink, mixed with white. Bishop Wood.—Upper petals carmine-scarlet, lower petals violet.

Belle de Nancienne.—The center of each flower is a rich, warm crimson; outside of this is a creamy band, the outer margin being a bright, deep blush. Bossingailt.—An orange-vermilion, softened with rose. B. K. Bliss.—Trusses large, a vivid, rich scarlet. 

Osefulness.—A flesh-pink, shaded and mottled rose. Candidissima Plena.—A large and handsome flower of the most beautiful scarlet.

Commandant Ott.—Enormous truss, scarlet-orange. Dr. Jacoby.—Enormous trusses of a clear mahogany-salmon.

Dr. Phibbs.—Scarlet, shaded with the deepest carmine-crimson. Ernest Lauth.—Deep, glowing crimson, illuminated scarlet.

Emile de Girardin.—Enormous trusses of rose-colored flowers.

Emerson.—Flush-colored flowers, shaded pink and salmon.

Gilded Gold.—Large, double, and crimson. Guernsey.—A rich, double, and crimson. Delaware.—Rich, double, and crimson. Hoff Beach.—A rich amaranth-pink.

**IVY LEAVED GERANIUMS.**

Comtesse Horace de Choiseul.—Plant is vigorous, leaves without zones, flowers very large, two inches across, double and imbriicated, in good trusses. Color a bright, good red. Excellent. 10 cents.

Joan of Arc.—One of the most beautiful plants, flowers a light bright yellow, with a broad zone of the deepest chocolate. Decidedly the darkest and best of its class. 15 cents.

Juno.—Large, umbellate, colored with bright cream and outwardly margined with golden yellow; very fine for the parlor or conservatory during the Winter and Spring. 15 cents.

Luigi.—A magnificent variety, the green leaf disc overlaid by a beautiful brown-red zone, dotted with a dark zone of red. 10c each.

Mme. pollock.—A magnificent variety, the green leaf disc overlaid by a beautiful brown-red zone, dotted with a dark zone of red. 10c each.

**BRONZE GERANIUMS.**

Bronze Bedder.—The best of the Bronze Geraniums. Ground color of leaves golden yellow, marked with a deep chocolate zone. Zulu.—The darkest of all the Bronzes. Ground color of leaves yellow, with a broad zone of the deepest chocolate. Decidedly the darkest and best of its class. 10 cents.

Magician.—Pollen dark green, with greenish yellow disc. Flowers double, orange scarlet, and foliage as fine as some of the golden tricolors. Crystal Palace Gem.—Brown golden yellow margin with a central disc of green, dwarf and free. Exclusively.—Large chocolate-scarlet flowers, large golden yellow center, edges variegated, flowers salmon tipped white. A perfect beauty. Most of Short.—A most distinct plant. Of this class, a vigorous grower, an abundant bloomer, and for ribbon lines or massing it is one of the best. The center of the flower is light salmon, the outer margin broadly marked with silver white. One of the widest-leaved sorts, flowers a bright scarlet, largely used for edgings around beds of flowering Geraniums, and also beds of Coleus. 10c each. Mr. Short.—A rich, double, and crimson, with very dark green foliage, having a light, creamy, almost white center, with a dark zone. Flowers bright scarlet. 10c each.

Mrs. Pollock.—A magnificent variety, the green leaf disc overlaid by a beautiful brown-red zone, dotted with a dark zone of red. 10c each. Any 6 for 50c.
An exquisite Summer flowering bulb, used in clumps; one-half dozen to the pot will make a pretty show. 6c each; five for 25c.

Lilium Longiflorum.—A variety bearing in clusters beautiful snow-white trumpet-shaped flowers of rare fragrance; almost exactly Lilium Harrisii in shape, but blooms later, extending the season of that beautiful kind. 20c. each; six for $1.00.

Lilium Rubrum.—White ground, with bands and spots of rose or crimson on each petal. One of the best Lilies. 20c. each; six, $1.

Auratum. (The Gold-Banded Lily of Japan.)—This is the highest type of flowering bulbous plants. The most beautiful and fragrant of all our list. There is a wonderful beauty in the growth of this gorgeous flower; first the corymb of scaly bulbs, then the sturdy stalk pushing through the earth, next the deep green leaves and the flower buds, and finally the dazzling white and gold blossom. This noble Lily, when first introduced into this country, but a few years since, sold at five dollars each, now can be had for a trifle. The new bulbs are brought from Japan for us each year, and only such will give good results. They are shipped to us wrapped in a ball of clay, and arrive plump and sound. Fine bulbs, 25c. each; six for $1.

Lilium Candidum.—The pure white garden or Easter Lily; flowers snow-white, with heavy yellow stamens, hardy and free-blooming, bearing five to twenty blossoms. Plant early and leave them undisturbed. 20c. each; six for $1.

Agapanthus Umbellatus, or the Blue African Lily—The cut only partially portrays the great beauty of this captivating Lily. Great numbers of sky-blue flowers. The older the bulb gets the more beauty it displays. Price for fine bulbs, 25c. each.

New Hardy Spider Lily.

A Spider Lily which can be planted out in gardens all over the North, like a Peony and prove equally hardy is a novelty indeed, and a most valuable and welcome one. Such a species we have discovered, and it is now possible to have a clump of these elegant and charming flowers in the yard with no trouble after once setting them out. They bear an abundance of white flowers equally as beautiful and fragrant as the other species. The beauty of a clump of them established in a yard is better imagined than described. Bulbs should be set about twelve inches deep, and they will be better for protection. 20c. each; two for 35c.
Hyacinthus Candicans.—This is not unlike our Spring blooming Hyacinths. Its leaves are deep green and fleshy. The flowers are white, in handsome pendulous bells, arranged on pyramidal spikes often reaching to the height of three feet or more in strong plants. A strong bulb will give from two to three flower spikes, and these produce from thirty to fifty flowers. The plants come into bloom in July, and bloom continuously until October. It is perfectly hardy. 20 cents each; three for 50 cents.

Lily of the Valley.—The Lily of the Valley is one of those delicate, sweet little flowers that not only easily win our love, but keep it forever. Put four or five or half a dozen of the pips or bulbs in a pot, and in about four or five weeks they will flower. In the Spring transfer them to the garden. Fine pips, 4 cents each; 40 cents per doz.

The Black Calla.—The introducer says: "Its flowers are enormous, fully a foot in length. Color clear coal black, so intense that it really shows a brilliance, and as well may be imagined, it is a flower of the most striking oddity and beauty. The bulbs are large and should be potted in the Fall and when growth commences set in a window.

After blooming the foliage will die down, and the bulb should be kept dry for planting again in the Fall. It is a native of the Holy Land. Treat same as for White Calla Lily." This is a very beautiful Lily. We have flowered it extensively. It is coal black and is a great curiosity. It is very scarce. Large flowering bulbs, 80 cents each.

New Dwarf Ever-blooming Calla Lily.—It is our good fortune to have come into possession of this most valuable of all Callas. The following facts will convince any one of its great superiority over the older sort: It is of dwarf habit and does not grow tall and straggly like the old variety, but is compact, with a great abundance of handsome, dark green foliage. It is a true ever-bloomer, its flowers appearing in great abundance both Summer and Winter when grown in pots, or it will bloom profusely all Summer long in the open ground, and being potted in September will continue blooming without intermission all Winter. The same plant will grow and bloom for years without once ceasing, and the quality of bloom which a good plant will produce is astonishing. It is estimated that a plant of this new dwarf variety will produce as many flowers in the course of a year as will one plant of this new dwarf variety. A large plant is hardly ever without one or more flowers, and its dwarf, compact habit makes a much more desirable pot plant than the old variety. Its flowers are large size and snow white in color. All in all it is one of the most desirable plants we ever offered. Bulbs of blooming size, 50 cents each; extra-large size, 75 cents each.

Calla Ethipica.—(Egyptian Lily) This is the well-known Egyptian Lily, or Lily of the Nile, with large white flowers, broad foliage, and it will prosper under very adverse circumstances. If you want large Callas send to us, as we are headquarters for them. We have three sizes: Small plants, to bloom next Winter, 10c each; strong blooming bulbs, 25c each; extra strong bulbs that will produce a half dozen blooms, 50c each.

Hyacinthus Candicans

Lily of the Valley

COLLECTION OF LILIES CONTINUED ON NEXT PAGE.
CALLA RICHARDIA.

Spotted Calla.

The Richardia Alba or Spotted Calla, is a plant of magnificent appearance. The leaves are of the richest green, spotted with pure white; the flowers are white, with a rich chocolate throat. It can either be grown in a pot, planted in a border or in a vase or rustic stand, the latter being a very effective way of showing its beauty. 15 cents each.

AMARYLLIS.

Amaryllis, Formosissima.—(Jacobean Lily.)

This grand bulb will flower either Summer or Winter. Keep dry during Summer for Winter blooming and reverse the order for Summer bedding. The flowers are of the darkest scarlet, very rich and pure, and produced freely. Strong bulbs, 30 cents each.

Amaryllis, Johnsonii.—One of the most gorgeous bulbous plants grown. We have specimens of a few years' growth that completely filled a window. Nothing is more showy than this grand plant during late Winter or early Spring, bearing large flowers of intense crimson, with a delicate white feather in each petal. It is most superb. 75 cents each.

CRINUMS.

These are magnificent flowering bulbs belonging to the Amaryllis family and are as easily cultivated in the open ground as potatoes, and when taken up in the Fall can be dried off and kept over Winter like Gladioli, or they can be grown in pots and treated like the Amaryllis.

Crinum Fimbriatum, or Milk and Wine Lily.—A grand sort, the most beautiful of the Crinums; its bulbs grow large and its strong growing foliage is erect and sword-shaped. Flowers in umbels very large and showy, three to four inches in diameter, striped with white and Carmine and very fragrant. Fine blooming bulbs, 50 cents each; larger size, 75 cents each.
Our Unrivalled Collection of MONTHLY FRAGRANT CARNATIONS.

White Dove.—The finest new or old White Carnation in cultivation. The flowers are of the purest white, with petals of great substance, making it one of the best. It will keep a long time when cut.

American Flag.—Vivid scarlet and pure white, and at first sight instantly re-calls our national flag, hence its name.

A. C. Fitzpatrick.—A most superb Carnation, one that has created a sensation everywhere. The flowers are very finely shaped, and they often measure four and one-half inches in diameter. Flowers a pure white, with distinct markings of Carnation red.

Fairy Princess.—This is the most beauti-ful Carnation we know of. The flowers are very large and perfect in shape. The color is a pure snow white, delicately per-fected with bright crimson. Elegantly fringed. A charming variety.

Ferdinand Mangold.—This is by far the grandest dark Carnation ever seen, and at the same time the most abundant bloom-er. Brilliant dark red, shaded with the richest maroon, fringed petals, nearly every flower being on a long stem. This variety surpasses in richness of color the most perfect Jacqueminot Rose.

"Field of Gold."—This is a pure,yelow Carnation, of strong growth and very profuse blossoming. There is no stripe at all in its being a straight cut-and-out deep, rich golden-yellow, without any other color whatever, under any circumstances.

Columbia.—The color of flower, orange, flaked, and is broadly striped with delicate carmine. Bright and attractive. Fragrant.

Tidal Wave.—Flowers very large and perfect in form. Color a bright, rosy pink, with salmon shading when the flowers are fully expanded. A very healthy grower and remarkably free bloomer. Plant dwarf, growing about fourteen flowers in a light, open pot.

Pride of Kennett.—Very dwarf, and of a nice, bushy growth, forcing very long flower stems, each individual flower possessing a stem varying from three to eight inches in length. It has perfectly formed flowers. Color a rich crimson maroon.

New Carnation, White Wings.—A pure silver-white variety, waxy, without neck or tini, of the largest size, serrated edge, delightfully fragrant. Much the best white Carnation grown. Excellent for pot or garden culture.

Anna Webb.—Coral darkest and most intense velvety-crimson maroon, very dark, and at the same time very bright.

Boule de Neige.—This beautiful white Carnation is remarkable for its extremely vigorous growth, very large flowers, perfect shape, purest white.

Grace Fardon.—This variety has been greatly admired wherever it has been seen for its desirable color, being a beautiful, pure, rich pink, flowers large size and very freely produced.

Price, 10 cents each, or any fourteen for $1.00

J. J. Harrison.—The "Pink of Perfection." Probably the most beautiful Carnation yet introduced, and must become very popular. Flowers are a delicate white, and marked and shaded with rosy-pink, good size, perfect form, never buds.

Joseph Perkins.—Color a pure, soft rose, a most continuous bloomer and distinct in color from any other sort offered. Greatly admired by all who have seen it, growing low.

NEW HARDY PINKS.

New Hardy White Pink "Snow," or Her Majesty.—Unquestionably one of the finest of the century, and one that will hold its own as long as Pinks are cultivated. It has become one of the most "popular of the day," and is being grown by acres to supply the demand (which must come) for cut flowers.

Anne Boleyn.—Flowers very large, dark maroon in color, shaded light crimson, and clove fragrance.

Bruno.—Coral very dark velvety, almost black.

Earl of Carlisle.—Various shades, maroon and rose, with white.

Juliette.—Deep cherry red, variegated with pink and pale silvery white. Very fine.

Gertrude.—White, with rich maroon and carmine markings.

Laura Willmer.—A very beautiful new variety with fringed edges. It has a very large center, velvety maroon, surrounded by cream white. 8 cents each, or the set of seven for 50 cents.
Princess Beatrice.—A pure Tea, of strong habit, heavy foliage, color deep crimson. The buds are large and open wide, exposing the pretty flower. The petals are bright red, and the large flower is finely scented, lasting long. It is a half hardy Rose, best for greenhouse culture.

Pink La France.—A Hybrid Tea. We have always given this the same place in the Order of the Roses, as it is of perfect form and color. It is a good hardy Rose, and well worth growing for its own sake. It flowers early and late, and is a beautiful addition to the Rose Garden. 15 cents each.

Crimson La France, or La France de '89.—Identical with La France except the color, which is a deep, rich scarlet, sometimes bordered with pure white. 15 cents each.

Crimson La France, Mad. Angélique Veyssé.—Identical with La France in every respect except color. The body of the Rose is satin pink, with distinct variation of bright rose. 15 cents each.

New Pure White Royal Tea Rose, Kaiserin Augusta Victoria.—The best White Rose in the World. This beautiful Rose has not only a royal name, but is a royal Rose as well. It is a continuous bloomer, producing successive crops of buds and flowers in the greatest perfection; the buds are very beautifully formed, with large petals of best substance; shows no center when fully open; color pure snowy white, and when you add a rich perfume, coupled with a vigorous growth, what more could you ask? 20 cents each.

Crown Princess Victoria.—This Rose has our highest commendation. It is a vigorous grower, with large, fine foliage, and is one of the loveliest of all Roses. The color is a pure, very snowy white, the center of the flower has a lemon tint, just enough to lighten it and brighten it, and to those who desire a fine double Rose, this will meet your wants, as it is very beautiful when full blown. The best White Rose we have to offer you. 20 cents each.

Pink Maman Leclerc.—This Rose has a rich, crimson flower, and is a great favorite with flower-growers. It is a vigorous grower, and produces a large, fine flower. 15 cents each.

New Hybrid Tea Rose, Augustin Halem.—In this Rose we have a beauty, indeed, for it fairly rivals the well-known American Beauty in the size and color of its flowers. It has well developed buds, bearing good, thick, waxy-like petals of excellent substance. Color clear, bright, rosy-red, verging to deep, rich crimson. With these changes it adds the delightful fragrance of the old June Roses. 20 cents each.
Yellow Mermet, or Mrs. James Wilson.—Similar in shape to Catherine Mermet. Pale yellow, tipped with rose pink. A strong and vigorous grower, and will prove to be valuable. All who have known that old favorite, Catherine Mermet, will be pleased with this Rose, as it is one of the most beautiful Roses we grow. 15 cents each.

Deep Pink Mermet, or Bridesmaid.—Here we have a new Rose, propagated from an old standby, Catherine Mermet. This new variety retains all the good qualities of the parent, in side adding charm not possessed by the sweet Catherine. All know that Catherine Mermet takes precedence as a pink Rose. More plants of it are cultivated by the amateur, and more are cut back by the flower dealer of it than any pink Rose. It is about two shades deeper in color than the old one, but not enough to make it bright, and it is the same color all the time under any condition of weather and surrounding.

Marechal N. — The most popular of all Roses. There is no Rose in existence so well known as this variety. It is a deep sulphur-yellow, with buds and flowers of the largest size. With its loveliness it combines the most delicate flavor of Tea fragrance. It is the finest yellow Rose in existence. It has a climbing habit, and where it is allowed to grow until it attains a large size, as it will in a few years, it yields thousands of beautiful golden-yellow flowers. We know this Rose in five sizes at the following prices: $1.25, 50 cents, $1.00, $1.50 each.

Tea Rose, Comtesse de Frigneux.—In color charming; in freedom of bloom, second to none. The buds are long and pointed, not like Niphos in form, and of good size. The flowers are a deep golden-yellow, with softer shade inside of petal. As a yellow Rose this takes rank next to Marechal N. 15 cents each.

Star of Lyon or Ecole de Lyon.—This magnificent Tea Rose is a rich golden-yellow, a strong, healthy and vigorous grower,immense bloomer, bearing flowers and buds early and late. The flowers are very deep, rich, and full-excellent substance, very sweet. It is one of the very best and most beautiful yellow Tea Roses for general planting ever introduced. Remarkably hardy, both as to heat and cold, frequently standing the winters here unjured in open ground with protection, and blooming nicely all through the hottest part of the summer. 15 cents each.

Mademoiselle Ocelle Berthold.—Most beautiful, both in bud and flower, which is deep golden-yellow. It is a rich grower, and in the color of any Rose we grow. The foliage is very bright. Altogether a grand Rose, and always in bloom. 20 cents each.

Papa Gontier.—A grand red Tea, of fine crimson shade and silken texture (less distinct from velvety texture), the buds are fine size and graceful form, and you would never suspect from it that the Rose is only semi-double. Extremely free, both in bloom and growth, and the leaves long and beautifully-leaved stems can be cut, the foliage being very dark and heavy. One of the best, and a perfect bedder. 15 cents each.

Perle des Jardins, or Pearl of the Gardens.—The one Tea Rose which you positively cannot do without. It has absolutely no weak point, let it be a perfect and popular rose. The color, whether the waxy petals show the rich cream tint of cool weather, or take richer golden shades which a warmer sun gives them. The form of the bud is rich, rounded, and bulbous, but not very large and luxuriant. The color, both bud and flower, by the open Rose, which is full to the center and large, it is no shriveling plant, but is fairly rictous in growth. 15 cents each.

New Tea Rose, Senator McNaughton.—This is a beautiful Rose of the Perle des Jardins type, but a number of new qualities, above the old. The habit, growth, shape and size of bud are the same. The color is identical with Perle des Jardins, being a pure white with decidedly golden tints. One of the most beautiful Roses grown. it will please everybody. 20 cents each.

Viscountess Folkstone.—It is unsurpassed among light colored varieties. It is graceful to the last degree, with strong, heavy petals. The flower is delicately tinted flesh, almost white and lustrous as satin. When full blown it is like a white Peony, but without a suggestion of stiffness. We have measur'd flowers from six to eight inches in diameter. It is sweet-scented. 15 cents each.
Cornelia Cook.—The buds are most beautiful, of immense size, and are borne up high on massive stems, and with their round, full, heavy form, carry an air of grace and dignity quite unusual. The flowers are the clearest, snowiest white and are arranged in the most faultless and symmetrical manner. A magnificent Rose. 10 cents each.

The Gem, or "The Fair Unknown."—This Rose is identical with Marie Van Houtte, except that it is claimed to be twice the size. Of a fine, faultless straw-yellow color, with the outer petals washed and outlined with a bright rosy-crimson. Occasionally the whole flower will be suffused with light pink. It grows vigorously, blooms freely and is most deliciously scented. In cool weather it almost changes color, taking on gorgeous crimson tints. 15 cents each.

New Crimson Rose, Princess Sagan.—The flowers of this variety are the richest crimson of any Rose in our vast collection, a single bud or blossom will catch the eye at a great distance so brilliant is the color. Indeed it is unmatched in its velvety richness, could well be termed "The Velvet Rose." It is as free in blooming as Bon Silene. 15 cents each.

Princess de Radziwell.—This elegant new ever-blooming Rose is a vigorous, strong branching grower; none of the Tea Roses approach it in this respect. It has fine formed conical buds of the largest size, being particularly noted for its long, solid bud—the buds, when properly grown, measure fully three inches in length. The Rose, when open, is very large, full and double to the center. It is very free flowering, every shoot producing a fine bud. It has the delicious Tea fragrance of the Marechal Ney that is so much admired. 15 cents each.

Meteor.—A velvety-red ever-bloomer of the deepest glowing crimson, as fine as a Hybrid. Flowers of medium size, very double and slightly recurving. A beautiful open Rose, a free bloomer, and a very excellent pot Rose. It has no tinge of violet or purple to mar its beauty. It is a vigorous, bushy grower, with healthy, bright foliage of the deepest green. This is unquestionably the best dark velvety-red Rose yet produced. 15 cents each.

The Premier Bedding Rose, Clothilde Soupert.—The color is a French white, deepening to a rosy-blush in the center, exceeding in distinctness of shading the well-known Malmison. Its greatest value lies in its compact, vigorous habit and wonderful profusion of bloom, even the smallest plants being literally covered with flowers. The form and substance of the flowers are so perfect that the hottest weather does not cause a deterioration of either. Valuable as it is for garden purposes, it is even more so for pot culture, and ranks as first for blooming in the dwelling house. It is entirely exempt from the diseases usually affecting Roses in the house. 15 cents each.

New Tea Rose, Mrs. W. C. Whitney.—Another remarkable Rose of American origin. It has created quite an interest among florists, being planted largely for its many good qualities; the buds are fine, large and tapering, of excellent form and substance, extra large, well filled flowers, opening nicely; color rich silvery pink, delicately shaded with fine rosy blush. 20 cents each.
Nipheta—This still holds the lead as being the most elegant white Rose. The buds are three inches long. It is positively startling in size and purity, and is always scarce. 15 cents each.

New Tea Rose, Dr. Grill.—Coppery-yellow, with fawn-rose reflex. An entirely new color and one of great brilliancy. The outer petals are large, round and shell shaped, and inclose a mass of shorter petals, which are of a very brilliant color. 15 cents each.

New Crimson Tea Rose, Marion Dingeé—This grand new Rose was raised from seed of the beautiful Countess de Casserta, crossed with Duchess of Edinburg. The Casserta blood is shown most in its foliage and habit of growth, while the flowers have much of the brilliant coloring and somewhat the form of Duchess of Edinburg, but are altogether different and much more striking. It is a strong, vigorous grower, making a handsome, graceful bush, with large, thick deep green leaves. The flowers are large, beautifully cup-shaped, moderately full, and borne in wonderful profusion all through the growing season. It is a deep, brilliant crimson, one of the darkest, if not the very darkest, and richest colored Tea Roses in existence. 15 cents each.

Duchess of Edinburg—A splendid rose, producing very large buds of the most intense deep crimson. It flowers freely and is very vigorous. 10 cents each.

Queen's Scarlet—This is without doubt the very best of all red Roses for bedding. It can be planted anywhere, being entirely hardy. The flowers are of large size and of a fiery-scarlet, a color seldom seen in Roses, indeed a bed of this Rose produces a mass of red equal to a bed of Geraniums. It is planted everywhere on account of its color and freedom of bloom. 10 cents each.

Grace Darling—One of the most elegant Roses ever pleasure to be hold. Strong, vigorous grower. Color porcelain rose, evenly shaded with vinous crimson, a decided color, but never quite obscuring the ground of beautiful yellow upon which it rests. The colors seem to stand out separate and distinct. Very sweet. 15 cents each.
In the South or California, where they stand the Winters, nothing can compare with them for beauty of bud and foliage. They are never to be forgotten when seen in full bloom, loaded with thousands of magnificent flowers.

Caroline Goodrich, or Running General Jacqueminot.—This rose has finely formed, very double flowers, and its fragrance is most delicious. It is a hardy climbing Tea, and should not be associated with the hardy Climbers that bloom but once a year. The color is the same as that of General Jacqueminot. 15 cents each.

Celine Forestier.—Deep sulfur yellow, large, full flowers, perfectly double a fine bloomer and good grower. One of the best of its class. 15 cents each.

Claire Carnot.—Butter orange yellow, with each blossom centers medium size, full and compact flowers, delightful Tea scent. Very pretty and desirable. 10c each.

Climbing Devoniensis.—The same as Devoniensis, except that it is a rampant climber. It has a Magnolia fragrance 15c each.

Cloth of Gold, or Chromatella.—A clear golden-yellow, large, very full and double. Highly fragrant. Much prized in the South for pillars and verandas. 10c each.

Estella Prade.—Has lovely pure white buds. Flowers are full and sweet. 10 cents each.

Fortune’s Double Yellow.—(Beauty of Glaze noon.) Bronzed yellow or copper and fawn color. 10 cents each.

Firsten Bismarck.—As its name would indicate, this is a Rose of the first quality, an improvement on Claire de Dijon. The color is a blending of amber, carmine and cream, and of delicious fragrance. One of the most exquisite of Roses and hardy. 20 cents each.

Golden Chain, or Climbing Safrano.—(Reve d’Or.) A beautiful pillar Rose, being a strong climber. Color orange yellow, or deep saffron, good size, full and sweet. 15 cents each.

Gold of Ophir.—(Ophir.) Nasturian yellow, suffused with coppery-red. One of the most beautiful of Climbing Roses. 15c each.

Lamarque.—Large, full flowers, borne in large clusters, pure white and double. A most beautiful Rose. 10 cents each.

Mary Washington.—This is doubtless the most famous Rose of the century, made so by the history with which it is associated, the original rose bush being planted by no less a personage than George Washington. It is a lovely Rose and usually comes in large clusters of the purest white, and very fragrant. It will live out anywhere, as it is perfectly hardy and a perpetual bloomer. 20 cents each.

William Allen Richardson.—Orange yellow, with outer petals lighter, center copper yellow. Very rich. Rapidly becoming popular. 15 cents each.

Waltham Queen.—This splendid new ever-blooming climbing Rose is introduced from England, where it has given great satisfaction. It is a valuable acquisition. Hardy in the North. We had plants of this variety out last Winters which stood a temperature of zero without injury, and have bloomed continuously the past season. A strong grower and continuous bloomer. The flowers are large, full and sweet. The color is a rich scarlet-crimson, very beautiful, and a profuse bloomer. Nothing can compare with this for beauty of bud and foliage, and it literally lavishes in the greatest profusion its beautiful, rich red flowers of magnificent size. This Rose has been awarded first premium wherever exhibited. It has our highest praise. 20 cents each.

Reine Marie Henrietta, or Red Flowering Claire de Dijon.—A strong, vigorous grower, flowers large, full and of fine form. Color a pure cherry red, large, full and sweet-scented. Succeeds well in the South. 15 cents each.

New Bourbon Rose, Pink Rover.—Flower very large, double, and a vigorous grower. Tender rose and of delicate shade, very free, extra good, quite similar to 15 cents each.

Reine Olga de Wurttemburg.—This is a splendid Rose. It should be grown where the Marchal Nell succeeds. This variety as grown in the south of France is simply indescribable. The people of the South would do well to employ this beautiful sort for covering verandas and trellises. Color rose crimson, suffused with yellow. 15 cents each.

James Sprunt.—Deep, velvety crimson, very double. 10c each.

Large Two-Year-Old Plants at Double the Prices Quoted Above, Which are for Strong One-Year-Old Plants.

THERE are few homes that have not a loved one resting in the cemetery, and few that would not spend 50 cents to beautify the grave of that loved one. We offer this fine set of choice white Roses for this purpose.

Denmark.—A rose apricot, tinged with silvery-peach.

Douglas.—Deep cherry-red, rich and velvety.

Duchesse de Lamballe.—A carmine pink, very sweet.

Edmund de Blauzet.—Light crimson, with salmon center.

Emile Sablayrolles.—Pink, red, shading to deep rose.

Edward Gontier.—Creamy-yellow, with rosy-salute center.

Eliza Fugier.—Creamy-white, tinged golden-yellow. Fine.

Empress Eugenie.—A lovely pink Rose. Admired by all.

Elisabeth de Lyon.—An elegant mignonette of pink and yellow.

Eugene Beaucharme.—Dark crimson, very rich. None better.

General Tartas.—Deep mottled rose, sometimes tinged buff.

Gloire des Rosanotes.—Brilliant crimson, with red berries.

Golden Fairy.—Light cherry-carmine. Very beautiful.

Gustave Nadaud.—Dark terracotta and bright orange-red.

Gustave Robin.—Creamy-white, tinged with pure white.

Henry Meynadier.—A beau (full shade of rose color. Sweet.

Homer.—A soft, clear rose with a salmon shade.

Jasime.—Deeper orange, very sweet and good.

Jean Pernet.—Buds of light yellow, suffused with salmon.

Jules Finger.—A bright, rosy-scarlet and intense crimson.

Lady Waterhouse.—Carmine, sometimes shaded with rose.

La Chamoise.—Nasturtium yellow. Very beautiful buds.

La Grandeur.—Ivory-rose, or soft, rose-carmine.

La Lankester.—Deep orange-yellow, tinged creamy-white.

La Phoenix.—A beautiful, clear scarlet. Desirable.

La Princess.—A deep crimson, changing to salmon.

La Sylphide.—Blush, with fawn center. Very large and double.

La Tuline.—Creamy-white, tinted carmine, full and fragrant.

Lauré de Fénécie.—Salmon-pink, tinged purple.

Le Pactole.—Elegant buds, color pale sulphur-yellow.

Louisa de La Rive.—A flesh-white, inclining to a rose center.

Louis de Sainte.—Creamy-white, shaded with lemon.

Our Roses are All Grown on Their Own Roots.

SPECIAL OFFER: 8c each, or sixteen, your choice, for $1.00; or twenty, our choice, for $1.00. Two-year olds from this list, 25c each, or five for $1.00.
New Hardy Rose, Oscar II, King of Sweden—This is by far the richest Rose yet introduced. It is often intense in color that the explanation on seeing it is: "Oh, what lovely black Rose!" It is very velvety in texture. A most superb Rose, and one that will always be found in the standard list of Roses, as it has come to stay. You should try it. 20 cents each.

New Hardy Rose, Anna de Diesbach. (Glory of Paris) A Hybrid Perpetual and very attractive, with eliptical shaped petals of bright maroon, long, pointed buds, and large, finely-formed, compact flowers, very full and sweet. One of the best. 15 cents each.

New Hardy Rose, Glory of Cheshunt.—An elegant Rose of the deepest fiery-crimson. The flowers are large, very full and very symmetrical. The fragrance is most delicious. A Rose we highly recommend. 15 cents each.

New Hardy Rose, Gustave Pignaneau.—Flowers extra large, equaling Paul Neyron in size, double, and of cup form. Color a beautiful shade of bright red and brilliant crimson. Received four medals and was illustrated in the Journal des Roses. This is the finest Hybrid of recent introduction. The bud is very large and full. We believe this to be the very best crimson Hybrid Rose grown. Try it. 25 cents each.

New Hardy Rose, Silver Queen.—Silvery-blush, shaded in the center with a delicate rose-pink, very distinct, large and full of beautiful cypelled form, and produced in great profusion, every shoot being crowded with a flower-bed. Folage handsome, and habit unusually good, the flowers standing well above the foliage. 15 cents each.

New Hardy Ever-Blooming Rose, Dinsmore.—We have proved the Dinsmore to be entirely hardy, and can recommend it as being the finest garden Rose ever offered. The new variety is entirely different, and is one of the most beautiful of all bedding Roses. Color dazzling scarlet-crimson. 20 cents each.

Gloire de Lyonaise.—This grand Rose is the only yellow Hybrid Perpetual. It must be called Deep yellow, but rather a pale shade of saffron or salmon-yellow, deepest at center, sometimes passing in a fine gradation into a finely tinted green and tawny. The flowers all have the beauty of Tea Roses, and are large and full and delightfully sweet. 20 cents each.

New Hardy Rose, Captain Christy.—The flowers are of magnificent form, very double, and stand erect in their martial bearing. The color is a fresh, delicate pink, with deeper shading in the center of the flower, the whole flower possessing a bright, satiny appearance. A desirable variety. Certainly the most beautiful Rose of this color we grow. It is a free-bloomer. 15 cents each.

Ball of Snow.—(Boule de Neige) A finely- formed, pure white Rose. Shows white light flesh when first opening. Beautiful shell-shaped petals evenly arranged, flowers of good size. 15 cents each.

Hybrid Perpetual, Madame Paul Neyron.—A Golden rosy color, very fresh and pretty. Flowers large, often measuring five inches in diameter, and it has this merit—that very large, the buds always develop into fine, perfect, and very strong. A very permanent flower with very, almost thornless stems, which often attain six to seven feet in a single season. We know of no rose possessing so many good points to recommend itself as the Paul Neyron. 15 cents each.

Hardy Ever-blooming Rose, Madame Masson.—An excellent Hybrid Perpetual, noted for its constant and profuse bloom. The flowers are large, color a clear, bright rose, highly perfumed. One of the best for planting. This Rose is a very superb variety and should be more generally known. Try it. 15 cents each.

New Hardy Rose, President Carnot.—One of the notable new Roses of the year. Color a bright rose, shaded a silvery-crimson. A distinct Hybrid. In every respect a three first prizes. 15 cents each.

Hazy Perpetual-blooming Rose, Madame Charles Wood.—A true perpetual bloomer. Begins to bloom almost as soon as planted, and continues all through the season. The flowers are extra large, very double and full and quite fragrant. Color a bright, very well-petalled, rosy crimson, elegantly shaded with maroon. Very showy and handsome, and one of the best new Roses ever introduced for general planting.

New Hardy Rose, Clara Cochert.—A fine salmon-rose, deepening as it blooms to a rich, bright cherry-red, elegantly shaded. Large, full flowers, very profuse. A distinct rose. 15 cents each.

Hardy Rose, Queen of Queens.—Pink, with bluish edges, large, full and copious. Color a beautiful rose-pink, very close being terminated with a flower. A splendid garden Rose. 15 cents each.

Hardy Rose, Empress of India.—One of the best garden Roses ever introduced. A fine rosy color. 15 cents each.

New Hardy Rose, Her Majesty.—Her Majesty originated in England, and was named in honor of the Queen. It is the largest and most beautiful Hybrid Perpetual Rose ever grown. Blooms are of immense size, remarkably beautiful form, perfectly double. Color a lovely shade of rose-pink, passing to clear flesh, elegantly tinged and shaded with amaranth and silver-crimson. Delightfully fragrant. Its immense size, perfect symmetry and exquisite coloring combine to make it the Rose of Roses. The plant is a strong, upright grower, entirely hardy. 20 cents each.

New Hardy Rose, Charles Dickens.—This we regard as a most wonderful Rose. It is vigorous in growth, the foliage is large and line and the flowers stand out long years by its great size and beauty. The color is a rich, glossy carmine, tinged with bright crimson, large, globular flowers, full and sweet. 15 cents each.

New Hardy Rose, Sir Traveller Hill.—This is the new Hybrid Perpetual Rose given us from England, and is undoubtedly one of the very darkest of all the Roses. The color is a remarkable shade of blackish maroon, passing to a rich violet or plum color. Very needed and distinct. The flowers are extra large, globular, well filled and fragrant. 15 cents each.

Hardy Rose, George IV.—This Rose is not a new one, but it is considered to be one of the best. The flowers are large, very double, and of exquisite fragrance. The color is a very dark, velvety-crimson. This is the well-known favorite of our mothers' gardens. 20 cents each.

New Hardy Rose, Gypsy.—All things considered this seems to us to be the very best new Hardy Rose of the season. In growth it is vigorous, and either in bud or expanded flower it is extremely beautiful. Its flowering period is very long, every blossom being terminated with a flower. A fragrant perfume. 15 cents each.

New Hardy Rose, Oscar II, King of Sweden.
LIST of FUCHSIAS.

The Best Varieties.

Low Double Fuchsia, Jupiter.—All lovers of this beautiful class of plants will be pleased to note the addition of another variety of Fuchsia, that produces such a splendid flower as "Phenomenal Jupiter." It is a sport from that variety, and is similar to it in every respect, except in the coloring of the corolla, which is a beautiful shade of light magenta, with dark crimson veins.

New Perpetual Double Flowering Weeping Fuchsia, Storm King.—This grand variety is of the most beautiful weeping habit. The branches, drooping as they do, lend the plant a charming grace which is rarely found. The buds, for two weeks before they expand, are balls of glowing scarlet-crimson. The flowers continue to grow larger and larger after they expand. The sepals are of the same glowing scarlet-crimson as the tube, while the large double corolla is of delicate, wavy whiteness, elegantly penciled with deep bright crimson.

15 cents each.

Admiral Courbet.—A beautiful sort with enormous double flowers. Corolla a peculiar shade of deep violet, tube and sepals a bright red. A splendid variety. 10 cents each.

The King of Fuchsias, Phenomenal.—The flowers are of enormous proportions, being very double, very broad, and of great substance, well-reflexed, of a most beautiful coral-red, corolla intensely bright sky-blue. The largest Fuchsia grown. Good strong plants. 15 cents each.

New Double White Fuchsia, White Giant.—The largest and best white Fuchsia grown. Fine form, very double, color a pure white. We find it to be an excellent Winter bloomer. 15c each.

Esmerida.—One of the grandest and most distinct varieties. Tube short, sepals brilliant red, corolla very large and double, color a beautiful blue, changing to clear rose. 10 cents each.

Fuchsia, Black Prince.—The grandest of all Winter bloomers. The tube and sepals are light sky-blue. Plants in two-inch pots frequently produce flowers; but, large, well-established plants will bloom more freely and produce larger clusters. We have seen a plant of this Fuchsia six feet high and five feet through, and by actual count it was loaded by over five thousand of its bright blooms. Its clusters of long, drooping tube-like, brilliant flowers, and very large, fragrant foliage, gives it a most striking and beautiful appearance. Strong plants, 10 cents each.

President F. Gunther.—A grand sort, with large double flowers, the sepals delicate carmine. The corolla is a bright lilac, darkened with violet. 10 cents each.

General Roberts.—The blooms are from four to five inches in length, borne in large clusters, single corolla, of a rich plum color, tube and sepals crimson. 10 cents each.

Monsieur Thibaut.—The flowers are single, of unusual size, sepals dark red, corolla rose vermillion, tinted violet. 10 cents each.

Fuchsia, Rosalin's Patriot.—A splendid double, white variety, in the style of that fine variety "Col. Domíni." A wonderfully fine bloomer and quite early. Tube and sepals rosy-carmine, corolla of the purest white. 10 cents each.

Sapali Frenes.—Color of sepals a bright coral-red, corolla violet and carmine-red. One of the most beautiful and distinct of the doubles. 10 cents each.

Crepuscule.—A superb double variety, fine, straight grower, plants of good shape, color of tube and sepals dark red, corolla violet, striped with rose. 10 cents each.

Aurora Superba.—Orange-scarlet corolla, sepals rich salmon.

Arabella.—Tube and sepals pure white, corolla a rosy color.

Bland's New Striped.—The tube and sepals a glowing crimson, corolla a rich plum-colored purple, regularly and distinctly striped red rose.

Carl Halt.—A white and red striped variety. A very graceful and beautiful variety.

Champion of the World.—Large double flowers, well-reflexed, and of a most beautiful coral-red, corolla a most intense bright, dark purple.

Elm City.—Sepals a rich crimson, corolla a deep purple, double, very free-flowering. Extra fine.

Earl of Beaconsfield.—The blooms are three inches in length and of great substance. The tubes are of a light, rosy-carmine, corolla deep carmine.

Joseph Rosalin.—Double, very large scarlet tube and sepals, corolla violet blue, striped blue.

Ju es Monge.—New. Lovely sky-blue, double corolla, banded with scarlet.

Price, 8 cents each: ten sorts, our selection, for 50 cents.

Lord Byron.—Crimson petals, dark purple corolla. Very handsome.

Lustre.—Tubes and sepals pure white, vivid crimson corolla.

Madame van der Strauss.—Fine, large and elegantly formed, perfectly and well reflexed, pure red, corolla large, double, wisteria. Extra fine.

Monarch.—Massive flowers, tubes and sepals bright red and of great length.

Model.—Sepals nicely reflexed, rich crimson in color, corolla a pure white and very double, 10 cents each.

Monstrosa Superba.—Corolla pure white, very double, immense size and free bloomer.

Paris Muriel.—Strong and bushy. The tube and sepals are a bright orange-scarlet, the corolla reddish brown in texture. The corolla is very large and double, pure white.

Speciosa.—A Winter blooming variety of large size, tube and sepals brush, corolla bright crimson. Desirable.

Wave of Life.—Golden foliage, dark purple flowers.
CYCLAMEN, OR PERSIAN VIOLET.

There is no more ornamental plant for greenhouses or parlor culture than the Cyclamen. The soil should be equal parts of turfy loam, leaf mold and sand. Plant your three times the diameter of the bulb in October. Keep them in a cool, light place, watering lightly until growth begins. Then water freely and give plenty of light and air. On the approach of cold weather remove to a warmer situation, the parlor or greenhouse, but keep them near the light. The whole secret of growing Cyclamens to perfection is light, air and low temperature.

Cyclamen, Persicum.—The colors are usually white, tipped at the base with rosy-purple. 10 cents each.

Cyclamen, Persicum Giganteum.—This is a decided improvement over the old variety, being of a more robust habit and stronger grower. Produces flowers on short, stout stems and of immense size, often measuring, on well-grown bulbs, two inches in diameter. The foliage is also beautiful. Good bulbs, 20 cents each.

MAMMOTH VERBENAS

Our plants are grown with care and are very robust. New varieties are being constantly introduced and older ones discarded, so that it is difficult, and we might say useless, to offer a long list of named varieties. We offer these Mammoth Verbenas in pure white, pure scarlet, striped and blue. 8 cents each; four for 25 cents.

SPECIAL OFFER:
For $1.00 we will send 20 choice Mammoth Verbenas.

AZALEA INDICA.

One of the most gorgeously blooming families, together with the showiest of all greenhouse plants. The colors of the flower vary from the purest white to the deepest crimson in untold variations. The soil should always be well drained when transplanted. Their success depends, however, on the degree of moisture in the atmosphere in which they live. We have a number of the best flowering sorts that will flower finely at once, both double and single-flowered, in any color desired. The plants we offer are magnificent specimens, the finest you have ever seen, and all will bloom this year. 50 cents each; fine, large plants, three years old, 75 cents each.

N. B.—In ordering, name the color you wish. We can furnish them in the following colors: White, pink, crimson, salmon, rosy lilac and white striped with crimson.

BOUVARDIAS.

Shrubby plants with corymbs of white rose, crimson and scarlet flowers, blooming during the Summer and Winter. These plants usually lose their leaves after being shipped, but if potted and not watered too heavily they will soon start again. 10 cents each, except where noted.

Alfred Neuner.—Large, double flowers, composed of three perfect rosettes of petals of the purest waxy-white color. 15 cents each.

President Garfield.—A lovely shade of pink and perfectly double. 15 cents each.

Dazzler.—A splendid variety. Of bushy, compact habit, producing fine clusters of attractive, moderately large, rich scarlet flowers. 10 cents each.

The Bride.—A lovely waxy white. Compact and vigorous grower.

NEW BOUVARDIAS.

New Bouvardia, Humboldtii Corymbiflora.—In this plant we have the ideal Bouvardia. The flowers are about the size of the Star Jasmine. They are star-shaped, pure white and of waxy-texture, while the fragrance is as delicious as the Jasmine. Good plants, 15 cents each.

New Bouvardia, President Cleveland.—A brilliant scarlet-crimson variety of great merit. This is an excellent variety and worthy of extended culture. 15 cents each.

New Bouvardia, Vulcan.—The richest and darkest colored Bouvardia ever sent out. Color a rich crimson maroon, very free bloomer and good grower. 15 cents each.

The three New Bouvardias for 35 cents. The entire set of seven Bouvardias for 75 cents.

SANSEVERIA ZEALANICA.

A New Decorative Plant of Great Beauty and Value.

A beautiful plant, splendidly adapted for the decoration of drawing-rooms and halls, as it stands drought and dust with impunity and requires scarcely any water. The leaves grow to a length of three to four feet and are beautifully striped crosswise with broad, white variegations on a dark-green ground. The flowers are numerous and composed of long, narrow petals, which recurve gracefully and are of a creamy-white color. Fine plants, 10 cents each; large strong plants, 20 cents each.

DWARF PEARL TUBEROSE.

The value of this sort over the common variety consists in its flowers being of large size, imbued like a rose, and of dwarf habit, growing only from eighteen inches to two feet in height, its short growth making it desirable as a pot plant, or for Winter forcing. 8 cents each; 7 for 50 cents; 16 for $1.00.
LARGE-FLOWERED PANSY PLANTS

These Pansy Plants are unrivaled. Besides all the leading kinds of flowers, it contains plants of the Giant, Bugnet, Tassel and Tigrine, with flowers measuring, when well grown, three inches in diameter, and such beautiful colors as golden-bronze, silver-edged, marbled, mahogany, spotted, claret-red, and many others. All Pansy Plants will produce for you, as they have for others, a Pansy-bed which shall be the wonder of the neighborhood and the joy of the owner. 5 cents each; 40 cents per doz.; $3.00 per hundred.

FICUS ELASTICA—INDIA-RUBBER TREE.

Very large, smooth, leathery leaves, evergreen foliage. Generally esteemed one of the finest house plants grown, the plant attaining a large size and tree-shape. Each new leaf is enclosed in a long, coral-red envelope, looking like a great, red flower bud. A very fine plant for the lawn or bay-window. Fine, strong plants, 50 cents each; large plants, 80 cents each.

FANCY-LEAVED CALADIUMS.

These plants are especially valuable for decorating conservatories, window-boxes, and as specimen plants. They are magnificent planted in beds out-door, nothing being more showy. The brilliant cardinal-red, cream, pink, white and various shades of green that are displayed in the veining and blotches of the leaves cannot be obtained in any other class of plants. For arranging floral baskets or table decorations they are quite as handsome as any flower. We have a fine collection of finest, distinct, brilliantly-marked varieties. Well-dried, extra large bulbs, our selection of sorts, 35 cents each; three for $1.00. These are the finest bulbs you ever saw of Fancy Caladiums.

JASMINES.

Jasmine, 'Gracilis.'—A new Jasmine, and remarkable for its profusion of blooms. A very lovely stem is produced from every joint, which terminates in a dense cluster of pure white, fragrant flowers. We have seen flowering branches of this Jasmine two feet in height. A charming plant. 15 cents each; large plants, 25 cents each.

Grand Duke of Tuscany.—A plant of this lovely variety will, when in bloom, scent up a whole yard or house. It is by far the most delicious in bloom and fragrance of all Jasmines, or, indeed, for that matter, we know of no flower that emits such a delightful fragrance. It is sweeter than a lily, and that is saying a good deal for it. Will thrive out of doors and blooms through the season. It can be stored in a dry cellar in Winter. It will please you; try it. Fine plants, 25 cents each; large plants, 75 cents each.

Cape Jasmine.—The well-known variety, grown into a fine large bush; fine, rich, glossy foliage and large double flowers of delicious fragrance. 15 cents each; large plants, 25 cents each.

Revolutum.—A yellow-flowered Jasmine, hardy and exquisitely fragrant. 15 cents each; large plants, 25 cents each.

Golden Verschaffeltii.—This ranks first in the yellow varieties. Hero.—A deep, jet black.

Maowatha.—Bronze and yellow, spotted.

Progress.—A beautifully-mottled red, green and bronze.

Retta Kirkpatrick.—Bright green, large, deep, yellow center.

Setting Sun.—Crimson, with brightest golden edge.

Verschaffeltii.—A rich, velvety crimson. The best bedder.

Teddy.—The color is a deep golden-yellow, splashed with bright green.

And 30 others of the most elegant sorts, saved from 10,000 seedlings. Nothing to compare to them. If selection is left to us we make no discrimination because they are all new; but all go at the same price.
YUCCA FILAMENTOSA. (Adam's Needle)
A tropical-looking plant with long narrow leaves that remain green the entire year. It throws up a strong flower stem in the summer three to four feet high, bearing a large panicle of creamy-white, bell-shaped flowers that retain their beauty a long time; perfectly hardy, and, as a cemetery plant for permanent effect, cannot be equaled. 10 cents each; three for 25 cents.

GREVILLEA ROBUSTA
(Australian Silk Tree)
Splendid decorative plant, much quicker growing than a Fuchsia, and, very effective, with its long, drooping, silky foliage, deeply cut, like a large growing Fern, or a pinnaled-leaved Palm. A window is complete without it. It is very easy to manage. Be sure and try it for your window. It cannot be excelled. 10 cents each; three for 25 cents.

MEYENA ERECTA.
This plant makes a lovely specimen in a pot. We have seen plants eighteen inches in height that were the admiration of all. It is very easy to grow, and can hardly fail with it. It blooms continuously through the Spring, Summer and Fall, bearing in great profusion in masses of carmine or crimson-blue, shading to rose-lilac, with a deep golden-yellow throat. A most magnificent flower. It is always scarlet and highly prized. We offer fine plants at 15 cents each.

CALADIUM ESSENTULARUM.
One of the most beautiful and striking ornamental foliage plants in cultivation, either for culture in large pots or tubs, or for planting out on the lawn. Will grow in any garden soil, and is of the easiest culture. Bloom of full size stands about six feet high, with immense leaves often measuring four feet in length by two and one-half in breadth; smooth of bright green color, beautifully fringed and variegated with dark green. The roots should be kept in dry sand and in the cellar during Winter, out of danger from frost. Three sizes—10 cents, 25 cents, and 60 cents. Our large size can only be sent by express.

PLUMBAGO.
Plumbago, Capensis Flore Alba.—This beautiful novelty is a clear white and is one of the leading new plants of the year. Do not confound this with the old worthless white. One of the most satisfactory holding plants out. 10 cents each.

Plumbago, Capensis.—This produces large heads of light blue flowers. It has the most peculiar shade of blue of any flower in culture, it is always in bloom and an elegant borderer. 10 cents each.

Plumbago, Sanguinea.—This is the pretiest of all, bearing in profusion large heads of deep rose-colored flowers. Very showy and distinct. 25 cents each.

Plumbago, Lady Carpent.—Unquestionably the most distinct and valuable hardy herbaceous plant now in cultivation. The plants are strong, upright in habit, growing to a height of twelve to fifteen inches in compact clumps, and from the middle of July until severe frost are covered with lovely rich violette-blue colored flowers borne in close terminal heads. We heartily recommend this fine variety for edging walks, beds or borders, or single specimen set in mixed flower vases or beds, where they appear in lovely contrast with other flowers. 15 cents each.

SPECIAL OFFER.—The four beautiful Plumbagoes for 20 cents.

VIOLETS.

New Double White Perpetual Flowering Violet, "Swaney White," or "Queen of Fragrance."—Of all the White Viets this is the best, either for pot culture in the house of in bed, and yet grows lavishly and is loaded with flowers. It is not an uncommon sight to see as many as three hundred flowers open at once, presenting a beautiful shade, their delicious perfumed filling a whole room. 12 cents each.

Violet, "Baby Blue."—This is by far the best Blue Violet grown; deliciously fragrant and very prolific. The color is a delicate blue, hence its name. "Baby Blue." The growth of the plant is vigorous and healthy. Valuable either in pots or planned out. A charming contrast with the white variety. "Swaney White." 15 cents each.

SPECIAL OFFER.—The two new Violas for 20 cents.

LANTANAS, OR SHRUBBY VERBENAS.

The brilliant colors, robust growth and profuse blooming habits of the Lantana render it one of the finest bedding plants we grow. The flowers embrace all of the most desirable shades of orange, sulphur, cream-white, etc., changing from one distinct color to another as you increase in age and development. The varieties have a wide range of color, and include the most distinct and profuse varieties. 10 cents each; six, our selection, all different, for 50 cents. Try a set for Summer bedding and be agreeably surprised.

NEW AND SCARCE GLADIOLI.

Price, 15 cents each, or the set of six for 60 cents.

Charles Dickens.—Delicate rose, tinted with buff, and flamed and striped canary-yellow. —

Cleopatra.—Soft Blue, the lower petals of a darker hue, suffused with apricot, feathered and blotched.

Isaac Buchanan.—Beautiful canary-yellow, on a splendid spike of large flowers. The best yellow.

Rio Leopold.—Blush rose, slightly suffused orange, and shaded currant-red, white blotch.

Romulus.—A very brilliant, glossy, dark red, large, broad, white line on lower petals, with a pure white blotch.

La Candeur.—Large flowers of purest white, delicately striped with carmine-violet. The nearest approach to a pure white.

FINE NAMED GLADIOLI.

Price, 10 cents; six for 50 cents.

Angelo.—White, showy and effective.

Bernard de Jessu.—Violet, shaded cherry and purple, blotch on white ground.

Canari.—A light yellow streaked with rose on the lower petals.

Ceres.—Pure white, spotted purple-red.

Cerise.—Light orange-red, shaded with carmine.

Ida.—White ground, slightly tinted rose, flamed carmine rose, lower petals light yellow.

Jean d'Arc.—White, tinged with rose streaked carmine.

John Bull.—White, delicately tinged with sulphur.

Laura.—Light orange-red, flamed carmine, white blotch.

Le Poussin.—A light-red, white blotch, beautiful.

Madame Monneret.—A delicate, lovely pink, with a white stripe in the center of each petal, carmine blotch.

Marie Dumortier.—White streaked rose, violet-purple blotch.

Stella.—White, tinged yellow rose, and flamed carmine.

Thunberg.—Light orange, shaded cherry, white blotch.

The entire set of named Gladioli (twenty sorts), including new set, for $1.25.

SMILAX.

For using as a green with cut flowers it has no equal, its hard texture enabling it to keep for several days without wilting after being cut. It is also fine as a parterre or window plant. 10 cents each; three for 25 cents.

CHINESE PRIMROSE.

Few house plants afford better satisfaction than this. It requires to be kept cool, a north window suitting it best. Care should be taken in watering that no water gets on the buds, as it causes them to decay. In the Summer they can be transported to a shady border. The plants we offer are fine, and the color is sure. Please. Price, single white and single pink, 10 cents each.

PRIMULA OBCONICA.

This is a charming new plant for Winter. In fact, we know of none that is better adapted to house culture than this one. It is not susceptible to change of temperature that most plants are subject to. It bears its delicate sprays of bloom of a delicate pink and white in the greatest perfection. It is certainly elegant. Price, 15 cents each; two for 25 cents.
ABUTILON. (Chinese Bell Flower, or Flowering Maple.)

The Abutilons we offer are perpetual bloomers and we wish all our friends to order a few Abutilons and see how fine they are. They are not the old tall-growing varieties that never bloom.

10 cents each, except where noted.

Robert George.—A free and continuous bloomer. Flowers broad, their large, over-hanging petals incursored; color orange, veined with crimson.

Shower of Gold.—A beautiful, dwarf-growing variety, the whole plant being covered with a profusion of beautiful golden-yellow blossoms. (5 cents each.)

Thompson’s Plena.—Now. Has perfectly double flowers that resemble in form a double hollyhock. Color a rich, deep orange, shaded and streaked with crimson. The foliage is delightfully variegated. 15 cents each.

Splendens.—A beautiful velvety-crimson.

Scarlet Gem.—A rich, bright scarlet.

Madame Cholbert.—Very dwarf grower, and the blooms literally cover the plant. Of a clear pink shade.

Snow Storm.—Pure white flowers and bloom freely. Dwarf. 15c.

“Eclipse.”—This is an elegant foliage plant and one of the prettiest we know. It is new, and the flowers, which are produced in profusion, set the plant off to good advantage.

New Abutilon, Souvenir de Bonn.—This is a charming plant. The body of the leaf is a deep, rich red, bordered and edged with pure white. It is a lovely plant to go with Palms or other decorative plants. 20 cents each.

SPECIAL OFFER.—The nine New Abutilons for 75 cents.

FOUR BEAUTIFUL PALMS FOR 50 CENTS.

The following is a select list of rare and handsome varieties that can be recommended for apartments, conservatories, decorations or vase plants during summer. They are all grand plants and of the easiest culture. It is our firm conviction that no extra large Palms that are fine specimens at from $3.00 to $5.00 each.

Palm, Washington Fillera, or the Thread Palm.—A beautiful Palm is one of the finest additions that can be made to any collection of plants, but the high prices of the best varieties have prevented most people from possessing one. There, again, there are but few of the best sorts which succeed well in ordinary window culture. It is, therefore, with pleasure that we are now able to offer one of the most beautiful sorts in existence. 15c each, or four for 50c.

Latania Barbonica.—The well-known favorite Fan-Palm, beautiful in all stages of growth. 15 cents each, four for 50c.

Seaforthia Elegans.—This is a most graceful Palm, eminently adapted for decoration of the greenhouse or garden. It also makes a fine window plant. Leaves are long and gracefully arched, dark-green, and the whole plant is perfectly smooth, making it a grand decorative plant. 20 cents each.

Areca Lucentes.—One of the most valuable and Beautiful Palms in cultivation. Its dark, glossy-green leaves are gracefully curved on stems, and the entire foliage is gracefully disposed. The trunk and stems are golden-yellow. 20 cents each.

SPECIAL OFFER.—The above four elegant Palms for 50c.

ALOSYIA CITRIOODRA—LEMON VEBENA.

Foliage delightfully fragrant. To simply brush against it is enough to scent an entire room with its delicious odor. Planted out of doors, it grows into a fine, large clump, and it can be taken up in the fall and wintered over in the cellar, 10 cents each, three for 25 cents.

Collection of Dwarf Ever-Blooming Cannas.

J. D. Cabos.—Strong grower, leaves lanceolate, green, strongly shaded with purple, flower stalks numerous, flowers large and round, color rich carmine with deeper shading. Very striking.

Baron Kerowitz.—Drooping spikes of magenta-colored flowers, each flower as large as a Gladolus, it makes a plant without a rival. The massive banana-like leaves alone would make this a valuable acquisition. Flowers over three inches long and two inches wide, suspended from its deep red, whip-like flower stalks. It is difficult to find words to express our admiration.

H. Thomayer.—A beautiful dwarf variety with strong flower stalks, of a superb orange color. This is a very distinct variety in the color of its flowers.

Alphonse Bouvier.—This is the grandest Canna, all things considered, introduced up to this time. The tips of the shoots are surmounted by immense clusters of bright crimson flowers of the very largest size, and nothing can exceed their brilliancy. A large plant in bloom sometimes having on as many as thirty or forty of these large, brilliant clusters of flowers.

Paul Marquard.—The floret as fine as the finest orchid. It might be described as a bright salmon, with a carmine tint. The flower has a silvery luster, which glintens and lightens up with a silver sheen, making the salmon of the flower very brilliant.

Sarah Hill.—As a pot plant for blooming both Winter and Summer, this Canna is of immense importance. The enormous panicles of flowers are borne on a plant only a foot or two in height and in small pots. We honestly believe it to be the finest of all Winter-blooming plants, and as a garden flower nothing can surpass it. Color intense, brilliant, velvety-crimson. Very dark and rich.

MANETTIA BICOLOR.

The Most Wonderful New Vine or Plant That Has Yet Been Produced. It Blooms in Winter as Well as Summer.

It is both a rapid and rapid and beautiful climber. The flowers are from an inch to an inch and a half in length, of a most intense bright scarlet, shading into flame, tipped with the deepest golden-yellow, and covered with a thick scarlet moss. The blossoms remain on the plants for weeks before falling. Has our highest commendation. Send to us and get the grading. We can usually send them in bloom. Fine plants, 10 cents each, three for 25 cents.

COLLECTION OF DWARF FRENCH CANNAS.

Madame Crozy.—The flowers of Madame Crozy are a flaming scarlet, bordered with gold, a marvelous combination of colors, having all the delicacy and loveliness of the rarest orchid. The individual flowers are five inches in diameter, and when the large size of the flowers and the large heads of bloom are taken in connection with the freedom with which it blooms, it makes one of the most attractive plants for bedding. It can be possible to conceive of every shoot blooms, and as soon as the head of bloom passes its prime another shoot pushes beyond it. As the plants are constantly throwing up shoots from the ground, they continue a mass of most gorgeous bloom.

Duchess de Mortemart.—This is undoubtedly one of Mr. Crozy’s most beautiful and distinct introductions. Of the most brilliant golden-yellow, dotted with brightest scarlet, and are the largest of all Cannas, and produced in constant succession.

Price of plants to bloom this Spring and Summer. 10 cents each.

The set of shapes for 400. Any four for 50 cents.

Just half the price asked by many dealers for this named set of Cannas.
CHINESE MATRIMONY VINE.

A vine for permanent effect for shading a sunny window, covering an arbor or veranda, and for perfect hardiness cannot be excelled. Pale purple flowers and scarlet berries are constantly appearing from early spring till late in the fall. 15 cents each, or two for 25 cents, or five for 50 cents.

PHLOX—HARDY PERENNIAL.
The improvement made in this beautiful class of plants is perhaps more marked than in any other section of the hardy, herbaceous family. Instead of the thin flowers, which were limited to lilac and white colors, we now have gorgeous flowers, combining all the different tints of rose, carmine, red and purple, to say nothing of the pure whites and salmon, with their distinct eyes. Perfectly hardy everywhere. 10 cents each; the set of seven for 60 cents. No further discount on this offer.

Phlox, Cross of Honor.—A beautiful light rose color, striped pure white. An excellent flower.
Flora McNab.—Pure white and free.
Lothair.—A brilliant salmon-rose.
Princess de Furstenburg.—White with carmine eye.
Sir E. Landseer.—Brilliant, dark crimson. Large, fine flower.
Stansted Rival.—Rose pink, dark crimson rays.
Triumph of Twinkle.—A rose magenta.

PAEONIES.
The Paeonys of our Mothers' Gardens.

Hardy, herbaceous. Herbaceous Paeonies are among the showiest and most useful of hardy plants, and are fast becoming popular with the public. They are all hardy and admirably adapted to the climate of our Northern States, growing well in almost any situation of soil, although the flowers will be finer and color brighter if planted in a deep, rich loam, well manured. 25 cents each; five distinct kinds for $1.00.

LARGE-FLOWERING CLEMATIS.
Duchess of Ediburgh.—This is without doubt the best of the double whites. Very free flowering and very fragrant. 50c each.
Jackmanii.—From four to six inches in diameter, intense violet-purple, with a rich velvety appearance, and distinctly veined. The leaf. 60 cents each.
Languinosa Candida.—Flowers are large (six to nine inches in diameter), almost pure white. One of the best. 50 cents each.
Kermisenua Rubra.—This beautiful Clematis is much sought after, but is very scarce. The color is a bright, rosy-red, entirely distinct from any other sort. A persistent bloomer and strong grower with large flowers. A grand variety. You should try it. 75c each.
SPECIAL OFFER.—The set of four distinct large-flowering Clematis for $2.00. This is a bargain, as the roots are large and strong. The best you have ever seen.

AZALEA MOLLIS.
The most brilliant and showy of all hardy shrubs—exceeding even the Rhododendron—and entirely hardy without protection in all situations. The bloom, which varies in color from the most intense rosy-crimson to lemon-yellow, literally covers the compact, spreading plant, forming a huge bouquet, and which remains in perfection for a long time in May and June. Massed, they produce an effect that is actually dazzling. 50 cents each.

THE BEAUTIFUL TREE ROSES.

We have these grafted with Hybrid Perpetual or hardy sorts, two colors on same tree, red and white, at $2.00 each, or two for $3.50. We also have them grafted with tea or ever-blooming sorts, where they are wanted by our patrons in the South, one color to the tree, with the very finest sorts. $1.50 each, or two for $2.50. At this price they can only be sent by express. They measure five to six feet in height.

TEEPING TREE ROSES.

NOTICE.

Through an error of our firm in Europe we were sent an extra case of this magnificent hardy class of Roses, grafted about five to six feet from the ground with the finest class of Climbing Roses. Their distance from the ground causes this variety to droop down instead of climbing, and the appearance of a tree of this sort on a lawn in full bloom, or in the cemetery, where they are especially suited for a permanent effect, is magnificent. We will send these at the very low price of 75c each, by express. Have them in red, pink and white.

Hardy Ornamental Plants, Shrubs and Climbers.

REMEMBER, WE SEND TEN FINEST SORTS OF HARDY SHRUBS, Etc., FOR $1.00,
Consisting of Lilacs, Weigelia, Altheas, Honeysuckles, Deutzias, Spireas, Mock Orange, Sweetscented Shrub, &c.
Otaheite Orange.

This valuable and distinct variety of the Orange family is a dwarf, compact grower, with glossy, deep-green foliage, which has a decided odor of the orange tree of Florida, and is exceedingly fragrant, producing a wonderful profusion of pure white flowers of the most delicious fragrance, identical with the much-sought-for blooms of Southern orange groves. Otaheite fruits immediately after flowering, bearing fruit about one-half the size of the ordinary orange, retaining in a marked degree their sweetness. This unique Orange cannot be equalled as a Winter-blooming pot plant for house culture, and is of the easiest culture. Requires but little sunlight, and flowers and fruits when but twelve to fifteen inches high. As a pot plant this lovely dwarf orange is one of the most novel and beautiful that can be grown. With a couple of plants of it you can have an abundance of the far-famed delicate and fragrant orange blossoms. We have grown a large stock of decent, vigorous plants that will bloom and fruit at once of this beautiful Orange, and commend it to our friends as a novelty of sterling worth and merit. Good plants, 10 cents each; large, strong plants, to bloom and bear profusely at once, 25 to 40 cents each, according to size.

Citus Trifoliata.

(Japan's New Hardy Orange)

An Orange as hardy as a Lilac must meet with an enthusiastic welcome from all flower lovers. This we have in this extremely curious and beautiful Orange which has proved perfectly hardy—without any protection—as far North as New York, Philadelphia and Illinois. Has wintered safely in the past two Winters in Maine and Michigan, and by competent judges is believed to be perfectly hardy in every portion of the United States. It has larger and finer blooms than any other sort. The fruit is orange-red, about the size of a Mandarin Orange, and makes an excellent marmalade; and the juice, like that of a lemon, affords a refreshing drink. It is a dwarf plant, forming a beautiful shrub from four to twelve feet high. And the magnificent appearance on a lawn of such a plant in full bloom, or weighed down by its brilliant and no less ornamental fruits, we leave to the imagination. 20 cents each; large trees by express only—five to six feet high—50 cents each, or three for $1.00.

Linum Trigynum.

A Winter-blooming plant of great beauty, produced in the greatest profusion very large and very showy blooms of a bright yellow color. The plant is a complete mass of bloom for a long time during Winter, and is one of the most beautiful Winter-bloomers it is possible to have. The flowers are about the size of a Morning Glory, and no matter how small the plant is it will bloom profusely. 10 cents each.

Laurus Nobilus.

(Sweet Bay)

A magnificent stock of Pyramids and Standards, the only rival of the Magnolia for the South. We have two sizes: One and a half feet, 60 cents each; two to four feet, nicely branched, at 75 cents each. By express only.

Best New Sweet Peas.

Fifteen packets full size, each one a different named variety, for only 60 cents, embracing the best sorts introduced up to date.

Aucuba Japonica.

The most beautiful evergreen shrub in existence. Leaves the size of a Magnolia, rich green, thickly dotted with large and small spots of golden yellow. The flowers are beautiful, which are succeeded by great clusters of bright-red berries as large as a hickorynut. For outdoor planting or pot culture there is nothing more beautiful. Fine plants, eighteen inches high, 50 cents; large plants, two to two and a half feet, 75 cents. Try one.

Hydrangeas.

New Hydrangea, Red-branched (Ramis Pictus).—A valuable addition to the list of Hydrangeas, with dark red branches that brighten to a clear crimson color as they near the flower clusters. The plant is of a robust habit, and produces freely immense heads of deep rose-colored flowers. A novelty of sterling merit, that is sure to become very popular. This is by all odds the prettiest Hydrangea. 25 cents each.

Hortensia.—The old favorite variety, pink flowers, changing to blue in small clusters from 20 cents each.

Thomas Hogg.—A pure white variety, with trusses of flowers measuring fifteen inches in diameter. The plants, when fully grown, attain a height and width of six feet. Perfectly hardy. One of the finest plants for cemeteries. 20 cents each.

New Japanese Hydrangea, Paniculata Grandiflora.—A new, very striking and elegant hardy flowering shrub, suitable for lawns, recently introduced from Japan. The flowers are pure white, afterward changing to pink, and are borne in immense pyramidal clusters more than a foot long and nearly as much in diameter. It blooms in mid-Summer, and remains in bloom two or three months. It creates a great sensation wherever seen. As a pot plant this shrub is of bushy and compact growth, attains a height of three to four feet, and is perfectly hardy in all parts of the country; needs no protection of any kind. Young plants, 20 cents each; extra strong two-year-old plants for immediate effect, 35c each.

Heliotropes.

These plants are universal favorites on account of their delightful fragrance. They delight in an abundant water.

Florence Nightingale.—Light lavender. 10 cents each.

Queen of Violets.—iolet purple, with large eyes. 10c each.

Snow Wreath.—Nearly white, large truss. 10 cents each.

The three Heliotropes for 25 cents.

NEW HELIOTROPES.

Albert Delaux.—The foliage is a bright golden-yellow, very pronounced, and marked slightly with a delicate green. The deep lavender color of the flower contrasts admirably with the beautiful foliage. 20 cents each.

Sapphire.—For a neat, dwarf habit, profusion of bloom and richness of color, this Heliotrope has no equal, and its vivid color of royal purple, with a distinct white center, gives it something entirely new in color, either for Summer decorations or Winter flowering. 15 cents each.

The Virgin.—This comes to us heralded as far superior to any existing white variety. The introducer describes it as fine-growing and with strong, luxuriant foliage. The flower is very large and of snowy whiteness. 15 cents each.

The three new Heliotropes for 35 cents.

SPECIAL OFFER.—The entire set of six Heliotropes for 50 cents.
